ranks the apostle paul as one of the most powerful and seminal minds of the first or any century and argues that we can now sketch with confidence a new and more nuanced picture of paul and the radical way in which his encounter with jesus redefined his life his mission and his expectations for a world made new in christ reprint

amidst a sometimes confusing barrage of news about the middle east dr bernard sabella a palestinian christian offers an enlightening often humorous personal narrative accompanied by reflections on lessons learned from his life in a conflict zone displaced from his home in infancy with his refugee family and educated in jerusalem s old city before pursuing university studies in the us he blossomed into a committed educator scholar member of the palestinian parliament and director of a church aid agency throughout his life dr sabella has never lost his focus on the goal of promoting peace through understanding and he has never been diverted from his path of absolute nonviolence a life worth living speaks with a voice worth listening to alternately anecdotal and analytical touching our hearts while pondering the past present and future of the holy land

this book explores student growth modeling and teacher value added modeling addressing complexities like non random student assignment measurement errors and covariates it presents the latest methods and answers key questions on evaluating growth models and teacher effectiveness

how has domestic life been reorganised to accommodate the new u s imperial ambitions what are the

consequences of empire for the people living here at home this new collection of essays answers these questions by exploring the cultural political and economic shifts that are now under way in the united states encouraging a radical rethinking of what the country is today this book highlights the connection of u s imperial strategies to the production of insecurity uncertainty and deepening inequality at home rethinking america also explores the instabilities and contradictions of the new imperialism from the unique vantage point of the newly emerging u s homeland comprised of work from leading figures in the field of u s ethnography this book is essential reading for anyone interested in understanding the changes taking place in the united states in the early years of the twenty first century

an approachable overview of the nature purpose and functional roles of chaplaincy chaplaincy is unlike any other kind of ministry it involves working outside a church without a congregation usually in a secular organization it requires ministering to those with starkly different religious convictions many of whom may never enter a house of worship it is as alan baker writes ministry in motion those who are embarking upon this unique and specialized call deserve equally unique and specialized guidance and foundations of chaplaincy offers exactly that baker surveys the biblical and theological foundations of chaplaincy before enumerating four specific responsibilities and skills that define chaplaincy s ministry of presence providing facilitating caring and advising baker s thorough guidance on these matters is supplemented in sidebars with practical advice and anecdotes from over thirty chaplains currently serving in a variety of settings and organizations chaplains who serve in healthcare the military correctional institutions police and fire departments sports teams college campuses and corporations have essential roles to play in their respective organizations but theirs is rarely an easy calling with foundations of chaplaincy as an introduction and an ongoing reference those called to this important vocation may be assured of having the tools they need to cultivate a

strong mission driven pastoral identity rooted in their own theological tradition while simultaneously participating in a multi faith team

mass incarceration is one of the most pressing ethical and political issues of our time in this volume philosophers join activists and those incarcerated on death row to grapple with contemporary u s punishment practices and draw out critiques around questions of power identity justice and ethical responsibility this work takes shape against a backdrop of disturbing trends the united states incarcerates more of its own citizens than any other country in the world a disproportionate number of these prisoners are people of color and today a black man has a greater chance of going to prison than to college the united states is the only western democracy to retain the death penalty even after decades of scholarship statistics and even legal decisions have depicted a deeply flawed system structured by racism and class oppression motivated by a conviction that mass incarceration and state execution are among the most important ethical and political problems of our time the contributors to this volume come together from a diverse range of backgrounds to analyze critique and envision alternatives to the injustices of the u s prison system with recourse to deconstruction phenomenology critical race theory feminism queer theory and disability studies they engage with the hyper incarceration of people of color the incomplete abolition of slavery the exploitation of prisoners as workers and as raw material for the prison industrial complex the intensive confinement of prisoners in supermax units and the complexities of capital punishment in an age of abolition the resulting collection contributes to a growing intellectual and political resistance to the apparent inevitability of incarceration and state execution as responses to crime and to social inequalities it addresses both philosophers and activists who seek intellectual resources to contest the injustices of punishment in the united states

for all the debates about black males and their role in american society there has been little attention

to a dangerous and growing trend the overprescription of ritalin and other behavioral drugs this book reveals how and why black males are disproportionately targeted and controlled by american schools in ways that hamper and endanger their educational success fitzgerald shows how the government medical practitioners and the pharmaceuticals industry have facilitated this oppressive trend setting it against a larger historical backdrop of racism in american education

this highly anticipated two book fourth volume in n t wright s magisterial series christian origins and the question of god is destined to become the standard reference point on the subject for all serious students of the bible and theology the mature summation of a lifetime s study this landmark book pays a rich tribute to the breadth and depth of the apostle s vision and offers an unparalleled wealth of detailed insights into his life times and enduring impact

in this definitive biography renowned bible scholar anglican bishop and bestselling author n t wright offers a radical look at the apostle paul illuminating the humanity and remarkable achievements of this intellectual who invented christian theology transforming a faith and changing the world for centuries paul the apostle who saw the light on the road to damascus and made a miraculous conversion from zealous pharisee persecutor to devoted follower of christ has been one of the church s most widely cited saints while his influence on christianity has been profound n t wright argues that bible scholars and pastors have focused so much attention on paul s letters and theology that they have too often overlooked the essence of the man s life and the extreme unlikelihood of what he achieved to wright the problem is that paul is central to any understanding of earliest christianity yet paul was a jew for many generations christians of all kinds have struggled to put this together wright contends that our knowledge of paul and appreciation for his legacy cannot be complete without an understanding of his jewish heritage giving us a thoughtful in depth exploration of the human and intellectual drama that shaped paul wright provides greater clarity of the apostle s

writings thoughts and ideas and helps us see them in a fresh innovative way paul is a compelling modern biography that reveals the apostle s greater role in christian history as an inventor of new paradigms for how we understand jesus and what he accomplished and celebrates his stature as one of the most effective and influential intellectuals in human history
